

To whom it may concern:As an XM customer that travels extensively, I benefit greatly from XM's services. As XM customers, we pay for the services XM provides. Limiting XM's ability to choose programming for their paying customers counters our first amendment. I respectfully urge the FCC to reject the NAB's petition 04-160. If radio and television owners feel they are losing customers to XM, perhaps they should improve their own servixes.

Thank you for your attention,

Todd Norris
